Sector 411 had a good cycle this month. We maintained 7 violent crimes, however one of those crimes was a homicide unfortunately. That homicide has been solved (see details on page 3). We went from 51 property crimes to 48 property crimes for a 6% reduction. (See all the stats on page 2). Our biggest property crime challenge this cycle was thefts from motor vehicles.

Please continue to refrain from leaving your cars unlocked and don't leave anything valuable in plain view inside your car. This is a very hard crime for us to address. It happens very quickly and if the thieves don't even have to break the window to get into your car, our officers will have no idea a crime is even being committed if they happen to see it. Last cycle we had 4 thefts from motor vehicles – this cycle we had 12 for a 200% increase. This is a preventable crime.
